## Maturing in Works

### Eph. 4:11

- Many have left ministries because their personal expectations have not been met.
  - We must develop and maximize our measure.
  - Effectual – energy – powerful action.
  - Effectual is talking about powerful action that is going on in the inside of us.
- Measure:
    1. To bring to full capacity.
    2. To bring to completion.
    3. To bring to highest standard of excellence.
    4. To bring to a full state of usefulness.
- We have been given a measure of grace.
  - The measure does not denote importance, but it denotes sufficiency (Eph. 4:7).
  - A visible gift does not denote a bigger measure.
  - Success of the gift is in the effectual working.
  - What we have been taught from the pulpit is to sit around “star gazing.”
  - We must look at spiritual and natural works.

1. We must mature in spiritual works.
  - Spiritual works – works that are under the powerful action of the indwelling Holy Spirit (2 Cor. 4:7).
  - It is greater than your knowledge of what you can think or ask.
    - A. We must let that power bring us to a state of holiness (2 Tim. 1:6-9).
    - B. We must let that power bring us to a state of sanctification (2 Tim. 2:20-21).
    - C. We must let that power bring us to a state of righteousness (Titus 1:15-16).
